

# schools

**KE Fibertec** offer a range of systems that are suitable for school buildings. As well as sports facilities, our ducts have been used in kitchens, canteens, libraries, laboratories, assembly halls and classrooms.

# schools

## THE BENEFITS OF KE FIBERTEC DUCTS

1. High level of comfort - Very low terminal velocities
2. Cost effective
3. Easy to maintain
4. Impact resistant
5. Aesthetically pleasing, bright colours
6. Can act as an acoustic damper within the space
7. Suitable for multi use spaces for example a sports hall/exam hall
8. Air circulation in the room can be induced with the inclusion of the KE-Inject® LaserCut which caters for a little heating in a virtually isothermal room – ideal for fresh air systems
9. Quiet delivery of air
10. High level of air mixing

### CHOICES

1. KE-Low Impulse®, KE-Interior® and KE-Inject® LaserCut
2. "O", "D" or quadrant section of ducts
3. Low profile lightweight track for fixing to suspended ceilings

AIR THE WAY YOU WANT
